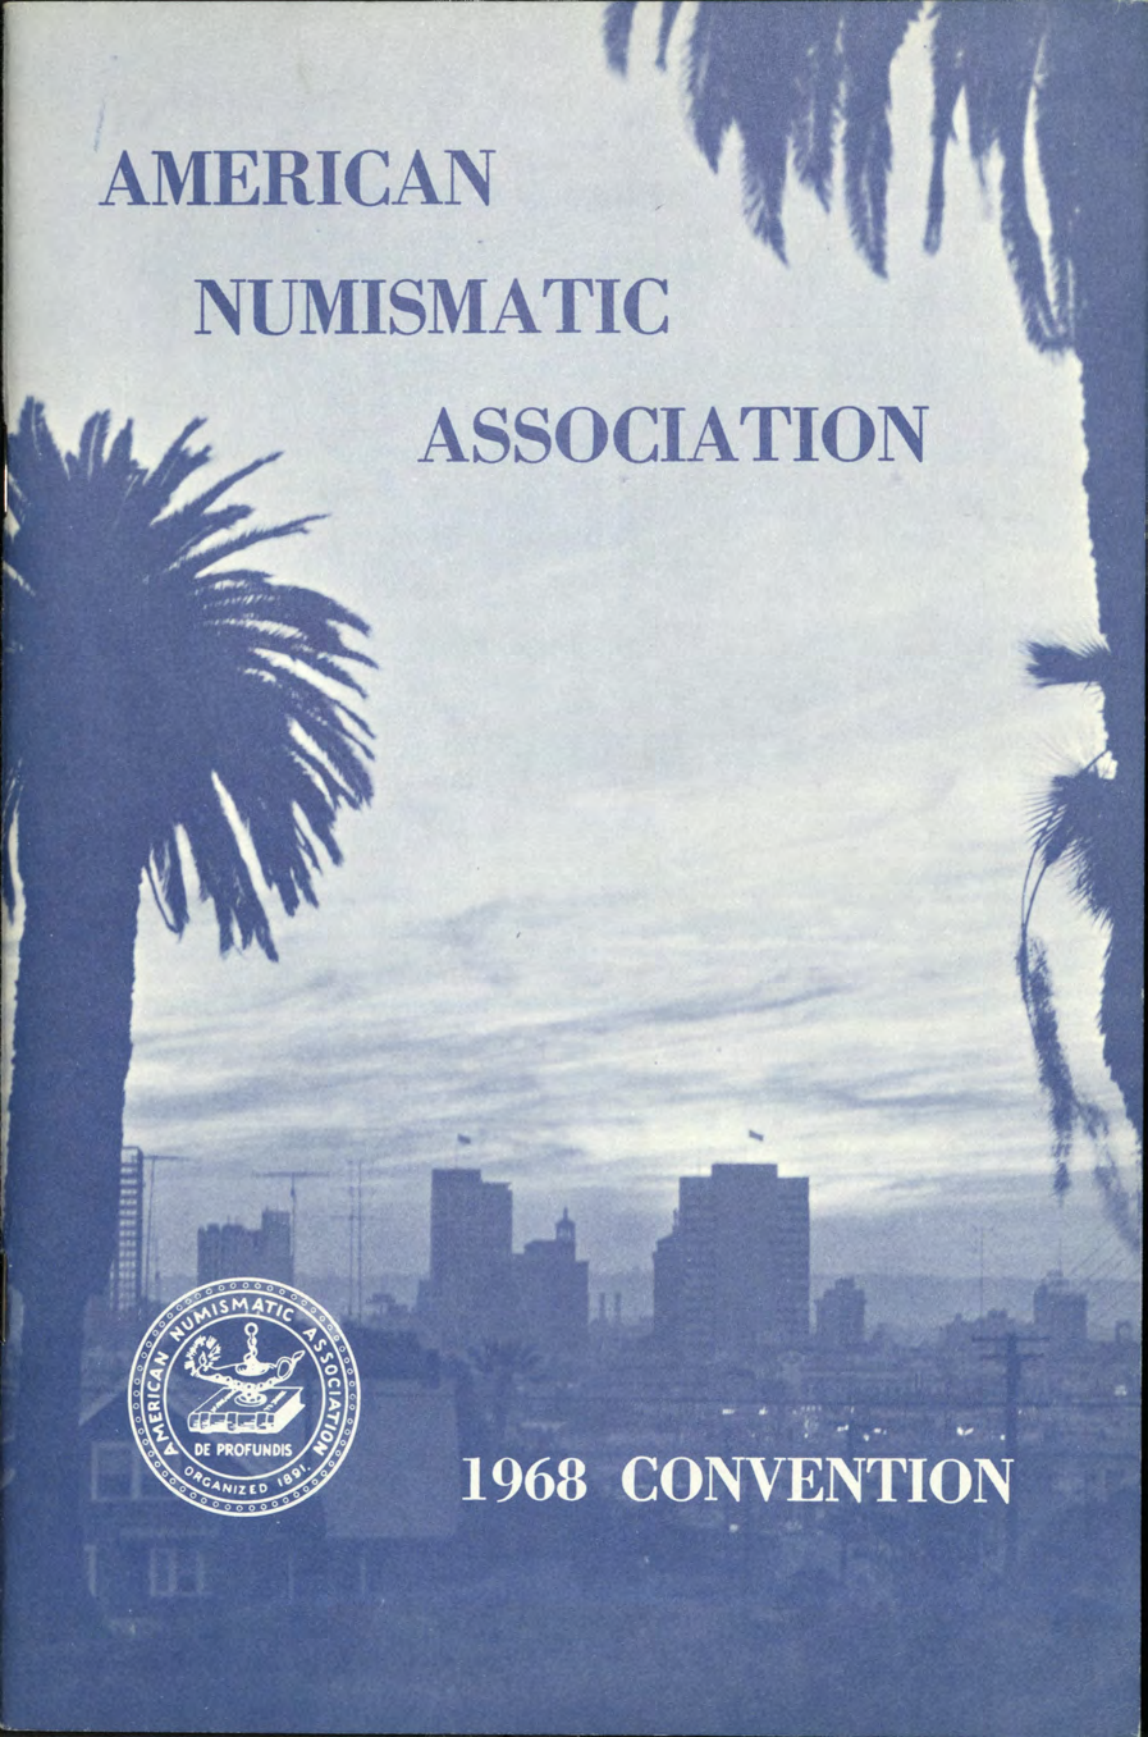
AMERICAN NUMISMATIC ASSOCIATION



1968 CONVENTION

SAN DIEGO . . . .

WHERE CALIFORNIA BEGAN!

San Diego will be celebrating its 200th birthday in 1969 with a year-long calendar of activities. The city was founded in 1769 when the first of the famous California missions was built. The tall building on the left is the El Cortez Hotel. The tallest is the 1st National Bank, a 24-story structure.

Word of welcome . . .

The elected and appointed officers of the American Numismatic Association welcome you to the 77th Anniversary Convention of our association in San Diego, California.

This affords an excellent opportunity to meet and greet old friends as well as make many new ones, enjoy the educational forums, view the many outstanding exhibits, visit the dealers in the bourse for your numismatic needs and participate in the wide variety of added attractions arranged by the convention committee.

A. L. Baber, general chairman and his hard working committees are to be sincerely congratulated for the many hours spent in preparing for this outstanding numismatic event.

Every effort has been made to make your visit to Southern California most pleasant and I trust your stay in San Diego will be both profitable and enjoyable.

WELCOME MAT—

GREETINGS!

AL BABER

FROM YOUR CONVENTION CHAIRMAN

I welcome you to the American Numismatic Association's 77th Anniversary Convention, on behalf of the San Diego County Inter-Club Numismatic Council, the member clubs, their delegates and members.

I am confident you will have a most enjoyable convention and memorable visit to the city of San Diego. San Diego boasts the oldest white settlement in California, and the third oldest numismatic club on the West coast.

It has in its membership capable hard-working numismatists who have planned a convention with a hall of stately exhibits, educational programs built around internationally recognized numismatic authorities, a bourse of well renowned dealers, a top-notch auction, and relaxing fun in the sun programs.

It is my pleasure to serve as your chairman, but I alone could not have accomplished but a drop in the bucket. I give my sincere thanks to my wife, Dorothy, and to each and every committee member for his untiring assistance and support. I say to each and every visitor—enjoy your stay in the city where California began.

IN MEMORIAM

We San Diegans posthumously salute Leonel C. Panosh, ANA Past President and Life Member No. 208. He was one of our most dedicated numismatists.

Lew was instrumental in San Diego being selected as the host city for this 1968 convention. It was his conviction that San Diego numismatists were highly qualified to conduct a convention the American Numismatic Association members would long remember.

We have done our very best to be worthy of his praise, and truly mourn the fact that death prevented his greeting you.

HOME AND HEADQUARTERS — These new facilities for the American Numismatic Association, located in Colorado Springs, Colorado, were dedicated in June, 1967. Since opening an average of one thousand visitors per summer tour the headquarters offices, museum and library.

The American Numismatic Association

The American Numismatic Association, an educational and nonprofit organization, is the largest and most active numismatic body in the world. It invites and welcomes to membership all worthy persons eleven years of age and over who have a sincere interest in numismatics, whether they collect coins, paper money, tokens or medals, whether advanced collectors or those only generally interested in the subject without being collectors. Founded in 1891, the association has about 26,000 members representing every state in the Union and many foreign countries. It was chartered for fifty years by Act of Congress on May 9, 1912; renewed in perpetuity by Act of Congress on April 10, 1962; and is a mutual organization for the benefit of its members.

All ANA members, except associates, receive the official monthly publication, *The Numismatist,* without cost other than their annual dues. Applications for regular membership should be accompanied by $11.00 to cover the admittance fee and first year's dues. Succeeding annual dues are $6.00. Non-member subscription to the magazine is $7.50. For application blanks or other information, write to the Executive Director, P. O. Box 2366, Colorado Springs, Colo. 80901.

The new ANA home and headquarters building in Colorado Springs, Colorado was dedicated on June 10, 1967. This permanent facility, for which funds were contributed by members, makes possible more and better services to members through increased efficiency and consolidation of scattered facilities and personnel; provides for expected growth and expansion of ANA and its program; houses the nation's largest circulating numismatic library; improves the dissemination of numismatic knowledge and information through its audio-visual program and its publications; provides for the establishment of a national numismatic museum; is a symbol of the importance of the collecting and study of money from the dawn of civilization to the present; and affords every member an opportunity to have a tangible part in the association for its betterment and the advancement and enjoyment of numismatics on a worldwide scale.

CABRILLO NATIONAL MONUMENT on the tip of Point Loma has more visitors each year than any other historical landmark in the United States. The monument marks the discovery of California at San Diego in 1542 by Juan Rodriguez Cabrillo. The old Spanish Lighthouse, out of use since 1891, is open to visitors.

OLE! The ancient art of the bullring provides drama, color and excitement for the adventurous in Old Mexico. The ring features leading matadors from Mexico, Spain, and South America. The fights are in Tijuana, at 4 p.m. Sundays, about 15 minutes south of San Diego.

THE MAGIC of Mexico lies just across the border from San Diego. A completely different world of activity is available — foreign market, year-round horse racing, night life and restaurants.

FATHER JUNIPERO SERRA stands watch at the Mission San Diego de Alcala, the first and mother mission in a chain of 21 in California. The mission, founded in 1769, has been restored and is open to visitors.

EXHIBIT/JUDGING SYMPOSIUM

Friday, August 23, 1968 — 9:45 AM — Cotillion Room

Collectors like to display or exhibit their numismatic material. Most wonder how best to go about it. Answers will be found at the third exhibit judging symposium, to be held this year on Friday morning immediately prior to the Awards Presentation Meeting, and in the same room. Moderator for the forum will be John Jay Pittman, Board Member and Exhibit Rules Chairman, of Rochester, New York.

The five phases of exhibiting to be covered in depth are: Numismatic Information, Arrangement and Originality, Completeness, Condition of Material, and Rarity of Material.

The panelists are: Sylvia Haffner, La Mesa, California; August Hausske, Chicago, Illinois; Clifford Mishler, Iola, Wisconsin; Lawrence Morton, Santa Monica, California, and Jackson Storm and Roger Storm, Glen Cove, L. I., New York.

Panelists will speak briefly on the different exhibit aspects, first through the eyes of an exhibitor; then through the eyes of a judge. The all-important question and answer period will follow.

ANA CLUB REPRESENTATIVES BREAKFAST

Saturday, August 24, 1968 — 8:00 AM — Don Room

Governor Glenn B. Smedley, chairman, District Representative and Club Program Committee will preside. The floor will be open to district representatives who care to make comments on the club activities in their area. The Outstanding Club Representative Award will be presented to the one selected by the awards committee for his promotion of the association and numismatics in general. Remaining time will be devoted to discussion from the floor by club representatives and officers.

AWARDS

1967 HEATH LITERARY AWARDS

Listed below are the 1967 Heath Literary Awards, which will be presented Friday, August 23, at the awards ceremony. Only articles completed in the 1967 volume of *The Numismatist* were considered. Elected officers of the American Numismatic Association may win honorable mention; not medallic awards. First and second medals are of engraved silver. Those for third, fourth and fifth place are of engraved bronze.

Silver Medals:

1. J. Eric Engstrom: "Paper Money of the French Revolution"
2. Thomas W. Becker: "In Search of the Past"

Bronze Medals:

1. Alan K. Craig: "History of the Coinage of British Honduras"
2. Eric P. Newman: "Lessons in Modern Day Counterfeiting"
3. W. Frank Allen: "Previously Unknown Spanish Gold Coins"

Honorary Mention:

Raymond De Voss: "Coins of Monaco"
Ray Byrne: "The Nobles and the Rogues"
G. W. Kienast: "Forgotten Custom, Birth, Marriage, Death & Jubilee Medals"

Special Recognition:

Daniel M. Friedenberg: "Jewish Minters & Engravers"

The Heath Literary Awards are presented annually to authors whose work has been selected from articles appearing in *The Numismatist* during the previous calendar year.

EDUCATIONAL PROGRAMS

THURSDAY, Aug. 22, 8 P.M.

Experts on paper money, mint errors and zodiac medals will highlight the Educational Forum of the 77th Anniversary Convention of the American Numismatic Association.

Nationally known coin columnist, Maurice M. Gould, will be the moderator.

Seating for the forum will start at 7:30 p.m. in the Cotillion Room.

MAURICE M. GOULD
Moderator

Speakers will be George W. Wait of Glen Ridge, N. J.; Mort Goodman of Hollywood, Calif.; and Paul Vincze of London, England.

To Open New Horizons

MORT GOODMAN

Diversification of Paper Money Collections

Goodman is a well-known author in the error field and probably has the finest collection of major errors in the world.

He is one of the world's top authorities in his specialty and will be presenting the topic for the first time at an ANA forum. Goodman is the vice president of the Numismatic Error Collectors of America.

He is well known as a lecturer, having covered most of the major cities in the United States the past few years.

GEORGE W. WAIT

The Minting Process

Wait is one of the most distinguished collectors in the paper money field. He received his master's degree in finance at the New York University and has given a lecture to the numismatic classes held at MIT.

He is manager of the salary administration of the Western Electric Company. He is serving his second term as president of the National Society of Paper Money Collectors.

PAUL VINCZE

Zodiac Medals

The works of Vincze, one of the world's great medallists, are in the collections of the major museums of the world, including the Smithsonian Institution, and in British, Danish, and Australian museums.

He has also designed coins for Guatemala, Ghana, Nigeria, Malawi, and others.

In 1966 he received the ANA gold medal as outstanding sculptor of the year. He has designed a Pope Paul VI medal, a Churchill medal, a 1952 Truman medal, and the Balfour Declaration for the Israelis in 1967.

SYMBOL OF DEFIANCE — The Patriotic Flag Pageant displays replica of famous coiled Rattlesnake Flag, one of several designs carried during the Colonial Period. Narration explains that snake is incapable of making a sound with one rattle, but that 13 rattles — representative of the 13 colonies — strikes fear in the heart of the enemy. (Official U. S. Marine Corps photo.)

BANQUET SPECTACULAR

Saturday, Aug. 24, 8 p.m.

To coin a phrase, the frosting will be added to the cake numismatically with the ANA banquet planned to culminate your week stay in beautiful San Diego.

Plan ahead now to top off your visit Saturday with dinner and dancing in the delightful Caribbean Room of the El Cortez. The Dutch Treat Social Hour will start at 7 p.m. at poolside and lead up to the dinner at 8 p.m. and the dancing at 10:30 p.m. The whole evening has been arranged for you, up to 1 a.m. when the dancing will end. The combo also will play the dinner music.

The emcee probably is the best-known numismatist in the nation. He co-authored a book on depression script and collects about everything except wigs. His friends call him Curley, but his nickname is Ralph Mitchell and he's from Fullerton, California. He is a former 2nd vice president of ANA. With his forehead rubbing his collar, he's hard to look at under bright lights, but watch his hair when he cracks a big smile after telling a joke — it will stand at attention. His humor adds spice to any dinner.

Speaking of hams, the banquet-entertainment chairman is Paul Hamm, another dedicated numismatist who collects about everything. He has worked hard putting the evening together so you will long remember it. Put the banquet on your agenda now. Reservations must be made by noon Saturday in the Century Room.

ANA 77TH ANNIVERSARY CONVENTION MEDAL

The official medal for the 1968 ANA convention contrasts on its obverse and reverse old and new San Diego. The obverse depicts, top and bottom, the theme "By Land, Sea and Air – Where California Began." In the lower portion is the San Salvador, flagship of Juan Rodriguez Cabrillo, as it rounded Point Loma on its way into San Diego Bay in 1542.

In the upper left hand portion is Mission San Diego de Alcala. Fray Junipero Serra founded the first mission in San Diego on what is today known as Presidio Hill, and is now occupied by a city park and historical museum. This hill was also the site of the Royal Presidio of San Diego.

In 1777, the mission site was moved to the north side of Mission Valley a few miles upstream from the original site so mission work would be farther removed from the secular influences of the presidio, and closer to the Indians among whom the missionary activities were carried on. At this site, the present mission building was constructed. It is this mission which is pictured on the official convention medal.

In 1883, John J. Montgomery piloted his small glider in the first controlled heavier-than-air flight in aviation history. This historic event took place on a hillside south of San Diego, now preserved as a public park in the city of Chula Vista. The upper right hand portion is dedicated to this pioneering aviation event, with a depiction of Montgomery in his first glider.

On the reverse of the medal, the theme is carried into modern times.

To the left, an aircraft carrier is depicted to symbolize the importance of San Diego's Harbor as the major port for the Navy's Pacific Fleet. To the right is a representation of San Diego's modern and dynamic skyline.

In the center is the Atlas missile, built by the Astronautics Division of General Dynamics in San Diego. For years, the Atlas missile served in the first line of defense for the United States, and it continues to play an important role in American space research.

Superimposed on the reverse is the Lamp of Knowledge, official emblem of the American Numismatic Association, symbolizing the role which our association plays in the field of numismatic education and knowledge.

American Numismatic Association celebrates its 77th anniversary this year—a dynamic association in a dynamic city. San Diego is truly a City in Motion, a theme also expressed on the official medal.

The official convention medal commemorates the ANA's choice of this city as its 77th anniversary convention site with a theme expressive of San Diego's historical past and promising a future as a city "First on Land, Sea and Air."

The size and octagonal shape of the medal is modeled after a well-known shape in California numismatic history. Both the $50 gold ingots issued by the U. S. assayer, Augustus Humbert in 1851 and 1852, and the U. S. $50 gold piece issued to commemorate the Panama Pacific Exposition in 1915 were struck in this unusual shape.

The medal was struck by Medallic Art Company and the design was prepared by a committee consisting of L. T. Gottschall, Mrs. Howard Gutowski, Jean Busch, Ken Hedges, Paul Hamm, and Paul Moulton.
